The Superior Court Decision on the Remuneration of Rescheduled Strike Days Is Good News

At the beginning of a new year, when preparations are being made for the upcoming negotiation of our work contract, the decision rendered by Justice Daniel Tingley of the Quebec Superior Court on December 11, 2008, regarding the remuneration of teachers for rescheduled strike days, is good news for all college teachers. This ruling upholds the decision in favour of the teachers' union at Collège Ahuntsic rendered by arbitrator Pierre A. Fortin in February 2008.
